Frequently Asked Questions

Here is some useful information and our most frequently asked questions to help you prepare.

What is the turn around time?

The entire project should take a few weeks. If there are any items on backorder, we will inform you.

Product pricing

We charge the typical retail price for all items (including sales). The price you pay for items will be the same as if you had bought them yourself.

Deliveries

Items will be delivered directly to you from the suppliers (expect A LOT of boxes). We will provide delivery updates as we receive them.

Product Quality

These items are all budget friendly - minor cosmetic defects are common. We will address any noticeable defects with the supplier for you. Please inspect the items for damage or defects within 24 hours of delivery so that exchanges can be made.

What happens if I need to cancel?

Life happens! If you ever need to cancel, please notify us by email. If a payment has already been made, a refund will be given minus any purchases and design fees that have been incurred.

What if I want to return something?

Items with significant defects or damage will be repaired or replaced by the supplier. In the case of buyers remorse, we defer to the supplier's return policy (any labor and shipping expenses will be your responsibility).

Love Your New Space!

After all the hard work is done, we hope that your new space brings you functionality and comfort.
